Dear Parents/ Carers,

Welcome to the new Para Meadows Newsletter, we start with our youngest students letting you in on some of the wonderful things happening in Primary 1.

Every fortnight we will showcase another class and let you know the wonderful things our students are getting up to.

Personalised Information Paperwork

We really need all outstanding General Consent, Medical and medication forms and Health Care forms so the student can start accessing all aspects of school life including community access in High School and swimming across the school.

Sick children

Can I strongly request that parents follow the NSW Health Department Protocols around exclusion of students with illnesses from school settings.

Students with vomiting and diarrhoea are to remain at home for 24 hours after the last incidence.

Students with runny noses, persistent coughs remain at home until symptoms have improved.

Head lice and eggs must be treated daily for a week and live lice should not be present on return to school.

Contagious skin conditions need to have started treatment and be covered while in the school.

Have a great fortnight, Gill Hendry
