Dear Parents and Carers,

As the year draws to a close, we want to update you on several important matters to ensure a smooth transition into the upcoming holiday season and the new year.

The last day of school for this year is set for December 15th. It's been a remarkable journey of growth and learning, and we want to take this opportunity to express our appreciation for the dedication and hard work of our students, parents, and staff.

## Student Reports

We are pleased to inform you that student reports will be released on 15th of December. These reports provide a comprehensive overview of your child's progress and achievements throughout the year. We hope you take pride in their accomplishments and growth.

## School Assisted Transport for 2024

For families eligible for school assisted transport, communication regarding the 2024 bus runs will be sent out in January. As routes may change due to new students accessing the service, please keep an eye out for this information. If you anticipate any conflicts or have concerns, kindly notify our administration promptly.

## 2024 Forms

The safety and well-being of our students remain our top priority. If your child requires medication during school hours, please ensure that all necessary documentation is completed. Additionally, we kindly ask parents to review and update general consent forms to ensure our records are current.

As we prepare for the new year, we will be sending home health care procedures paperwork for 2024. Your timely completion and return of these documents are essential, especially for activities requiring specific health information. Your cooperation ensures that we can provide the best care and support for your child. Thank you for your ongoing support and partnership.

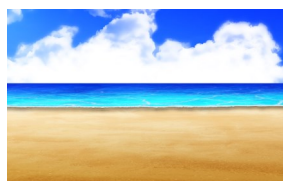

## BUCKY NEWS

Congratulations to Adam and Cyrus and the students in High School 1 for being kind and using polite words. The students will be working on being peaceful leading up to the break and listening to others, a good skill to develop.
